

DOGS NEEDING SPACE

A campaign organised by Emma Collings Dog Trainer & illustrated by CollieMoji

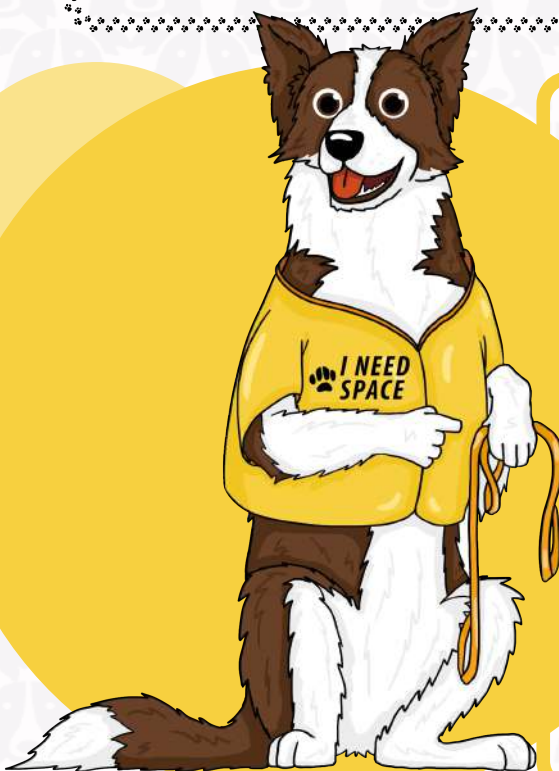

RAISING AWARENESS FOR ANXIOUS, NERVOUS & REACTIVE DOGS

Dogs that need space from other dogs or people are not bad dogs, they may be having a hard time in certain situations.

Therefore, if you **see a dog on a lead and wearing a yellow lead, jacket or bandana**, please respect these dogs and their owners by giving them space and **not allowing your dog to run up** to that dog that is on lead.

Follow these **simple rules** and you will be helping anxious dogs that struggle in social situations:

- Ask permission before approaching a dog on lead
- Replicate other dog owners; if you see a dog on lead, put your dog on lead and under control.
- Only the owner of that dog will know how much space is required so please be respectful.
- Know your legal dog control orders; dogs must be on lead on any public road (see Defra for more information)
